

FOR EVERY **BODY**

TANGO™ 

VEHICLE TRANSFORMATION SYSTEM

PRO-FORM Innovation brings you TANGO™ , the ultimate vehicle transformation system that provides a universal mounting platform that effortlessly transforms a vehicle to the requirements of your lifestyle choice.

TANGO™  integrates seamlessly with your vehicle and offers a unique accessory platform that guarantees simplicity and functional assurance for any TANGO™  accessory you choose to enjoy.

When you see the  icon just 'plug n play' the accessory that suits your needs.

PROTECTION.

- » Total accessory integration.
- » TANGO™  offers high impact bed rail protection that prevents scratches, scuffs and dents.
- » A smooth anodised finish increases durability and resistance to wear.

STYLE.

- » TANGO™  has been styled to enhance the appearance of your vehicle by 'finishing' the bed rail with a frame that contrasts the painted surface with styling cues from other vehicle features such as chromed handles and wheels.

EASE.

- » Transform your transport. TANGO™  makes accessorising simple by guaranteeing every TANGO™  accessory is intuitive to use.
- » Install in minutes without needing special knowledge, tools or modification of your vehicle.

SECURITY.

- » TANGO™  gives you functional assurance that your accessory will work the way it was intended every time.

TRANSFORM TRANSPORT

TANGO™'s unique functionality and design means when you see the icon just 'plug n play' any of these accessories.

SPORTLID PRO-FORM

The next generation SPORTLID retains the style and security you've come to expect from PRO-FORM but adds new unique features, such as incorporated cross bars, central locking, interior lighting and improved load carrying capacity (both under and on top of the lid).

Quick installation onto the TANGO™ system, easy-on easy-off usage and seamless integration with other TANGO™ accessories.

SPORTBAR PRO-FORM

Accessorise with a stylish new PRO-FORM Sportbar which mounts directly onto the TANGO™. Integrated brake light available for selected vehicle models.

LOADMASTER PRO-FORM

Need to organise the back of your deck? Contain your groceries, sports gear or tools. The LOADMASTER cargo management system gives you the ability to separate items and keep them from moving around in the back of your deck. Multiple locking positions gives flexibility and security.

TANGO PRO-FORM

Bike Rack Accessories – using the TANGO™ side rails you can easily attachment off the shelf bike racks which fit into a 'C' channel.

SPORTGUARD PRO-FORM

PRO-FORM's SPORTGUARD™ is the perfect combination to your TANGO™ system. Offering a unique combination of formed to fit style; tough, durable material and an intuitive 'snap-fit' installation.

Cross bars mount easily into the 'C' channel
